## EVERGREEN In Practice: Pioneering Green Transition in VET

Greetings from the everGREEN Project Team!

We are thrilled to announce the upcoming Joint Staff Training, a cornerstone of our transformative 30-month everGREEN project. Funded by the Erasmus+ program of the European Union, this initiative is set to revolutionize the Vocational Education and Training (VET) sector. Our goal? To cultivate greener mindsets and initiate sustainable behavioural changes within the VET community professionally and personally.

### 🌿 What to Expect at the Training 🌿

This collaborative training is more than just a learning opportunity; it's a melting pot of knowledge sharing, professional growth, and cross-cultural exchanges. Designed for VET leaders, staff, and learners, the program promises to deepen your understanding of the green transition in the VET sector, bolster your skills, and strengthen ties among European organizations.

## Interactive Sessions & Expert-Led Insights

Prepare to dive into a series of interactive sessions meticulously crafted around training materials developed exclusively for this project. Led by experts, these sessions will offer comprehensive insights into innovative approaches, methodologies, and practical strategies for greening the VET sector.

## Dynamic Learning Environment

The training is not just about listening but engaging, discussing, and doing. Expect to be part of group discussions, hands-on activities, and collaborative exercises. This dynamic approach encourages active participation, challenges existing views, and collectively explores new paths for improvement and growth.

## Who Should Attend?

This course is tailored for staff members of partner organizations and representatives of the VET community, including leaders, teachers, and administrative staff eager to advance the greening process in their respective VET organizations.

## Venue & Dates

Mark your calendars for this exciting event scheduled from January 30th to February 1st, 2024, in the picturesque city of Nice, France. Hosted by our French partner, ARDITEC, participants will receive a comprehensive info package to ensure a smooth and enriching experience.

## Course Costs

Here's the best part – the training is absolutely free of charge!

# Sign up for the Training and Join Us in Shaping a Greener Future!

*If you would like to register for the training, please contact your local project partner or the project coordinator Sarah Wild at [swild@bupnet.de](mailto:swild@bupnet.de)*

*This training is more than an event; it's a step towards a sustainable future. We look forward to welcoming you to Nice and embarking on this green journey together.*

*The everGREEN Team*

We invite you to stay tuned for further updates on the everGREEN\_In project through our website
